

This vista of magnificent countryside is

# CENTURY HILL

## where American Heritage Homes beckon you to enjoy a tradition of superb living.

Hear, ye!—Hear, ye! The best of both possible worlds is here. The authentic and distinctive charm of early colonial America—authentically reproduced by our architects—and updated to meet the most demanding requirements of today. Century Hill is the thoughtful, inspired answer for which so many discriminating families have been looking. Look no further.

### Quiet charm . . . Modern conveniences

Century Hill is set alongside Naperville, the oldest town in DuPage County. Naperville is the "campus city" for North Central College and retains many delightful small town features . . . such as summer band concerts in the park with ice cream socials. Fine public and parochial schools serve the area . . . with the beautiful grounds of St. Procopius College just close by.

Recreation abounds in the area. Century Hill is adjacent to Naperville Country Club and surrounded by other country clubs with superb golf courses. Naperville has eight city parks, including rustic Pioneer Park, Centennial Park with its beach, and picnic areas, some of which are on forest preserve property along the DuPage River. Community theatres, campus activities, beautiful Wildbrook Wildlife Haven and the Morton Arboretum are within easy driving distance. Skiing and boating are available at Four Lakes—less than five minutes away.

There are churches of most faiths, and residents of Century Hill have a choice of leading shopping centers.

### Only 38 minutes to downtown Chicago

From the Naperville station, you can travel on modern, air-conditioned CB&Q trains to downtown Chicago in as little as 38 minutes! The entrance to the East-West Tollway is only 10 minutes away.

THE
KRUGHOFF
COMPANY

Directions: Take Ogden Ave. (Rt. 34) to Washington Street in Naperville . . . turn south to Chicago Ave., then east to Century Hill.
